

Useful Idiot

Tool

Shadows, Shining skin
I've been looking
Scars again?
Up down
Digging through
My own mussels
For a clue

I've been crawling on my belly
In and out, it could've been
I've been walling in my own confussion
Insecure illusions
Well based across the order
Well work to got me in
I wanna feel the change is comming down
I wanna know what I've been hiding
