

# Being There

Tora Tora

When the road seems too long  
And I know where I belong  
On the south road  
When grief seems to set in

It's the love that I find  
But I just don't have the time  
It's a wish to be near you  
It's being there

Ohh when I want to be there  
For ya baby yeah yeah  
Be there for you  
All for you

I think of you  
When I know  
It's gettin' harder and harder  
To let go  
What was once  
Only mine yesterday  
You were my love  
And my friend  
You held on  
To the very end  
It's the pain and the loss  
Of not being there

Ohh when I want to be there  
For ya baby yeah whoooh  
Be there for you  
All for you baby

Oh when I wanna be there  
For ya baby yeah whoaoh  
Be there for you  
All for you

It's a sad song that I sing  
But I'll never let it bring  
A bring me down  
And bring my heart lower too

It's the leaves on the trees  
It's a south wind  
That's stirring me  
It's just the season  
A sensation of being there

Oh when I wanna be there  
For ya baby yeah whoaoh  
Be there for you  
All for you  
Oooooohhhooooohh
