

# Love is a bitch

Tora Tora

The way she sees me  
She's always leads me  
Thru the night  
She's out to tease me  
With a glance  
I take a chance  
From the start  
I'm in a trance  
It's time you're mine  
She's just taken you for a ride  
You're alone  
Out on your own  
And then you know  
Know she lied

Chorus  
Some other deal  
Some other way  
I hate to say  
Don't you know  
Love's a bitch  
Some other deal  
Some other way  
All I can say  
Don't you know  
Love's a bitch  
(Love's a bitch)

The road to a mountain  
Seems so long the farther you get  
You sing the same old song, yeah  
As I get higher  
I feel the fire  
Oh you're my one desire  
In time you're fine  
And she's just taken you for a ride  
You're alone  
Out on your own  
And then you know  
Know she lied, yeah

Repeat Chorus

Oh yeah yeah yeah

Some other deal  
Some other way  
All I can say  
Don't you know  
Love's a bitch  
Some other deal  
Some other way  
All I can say  
Don't you know  
Love's a bitch  
Don't you know

Love's a bitch

Put out the booze  
Cause you can't lose  
I hate to break ya  
Of all the bad news  
Now here's the thing  
To keep you straight  
You gotta get up  
But you know it's too late  
It's time you're mine  
She's just taken you for a ride  
You're alone  
Out on your own  
And then you know  
Know she lied

Repeat Chorus

Some other deal  
Some other way  
I hate to say  
Don't you know  
Love's a bitch  
Some other deal  
Some other way  
I hate to say  
But don't you know  
Love's a bitch  
Well don't you know  
Love's a bitch
