Hey Hey She's a Beauty Queen My sweet bean bag in the street Take it Down out to the laundry scene Don't know why she's in my hand Can't figure what it is But I lie again I got me some horses To ride on To ride on They say that your demons Can't go there So I got me some horses To ride on To ride on As longs as your army Keeps perfectly still And maybe I'll find me a sailor A tailor And maybe together We'll Make mother well So I got me some horses To ride on To ride on As long as you army Keeps perfectly still You showed me the meadow And Milkwood And Silkwood and you would if I would But you never would So I chased down your posies Your pansies in my hosies Then opened me hands And they were empty then Off with Superfly Sniffing a Sharpie pen Honey it's Bill and Ben Off with Superfly Counting your bees Oh me honey like One two three The camera is rolling It's easy like One Two And if there is a way to find you I will find you But will you find me if Neil Makes me a tree an afro a pharaoh

I can't go

You said so
And threads that are golden
Don't break easily
So I got me some horses
To ride on
To ride on
You say that your demons
Can't go there
So I got me some horses
To ride on
To ride on
As long as your army
Keeps perfectly still
Keeps perfectly still
Keeps perfectly still
