

China

Tori Amos

1. China all the way to New York
I can feel the distance getting close
You're right next to me
But I need an airplane
I can feel the DISTANCE as you breathe

R: Sometimes I think you want me to touch you
How can I when you build a great WALL around you
In your eyes I saw a future together
You just look away in the distance

2. China decorates our table
Funny how the CRACKS don't seem to show
Pour the wine dear
You say we'll take a holiday
But we never can agree on where to go

R: Sometimes I think...

3. China all the way to New York
Maybe you got lost in MEXICO
You're right next to me
I think that you can hear me
Funny how the distance learns to grow

R: Sometimes I think you want me to touch you
How can I when you build a great WALL around you

*: I can feel the distance
I can feel the distance
I can feel the distance getting close
