Dark Side of the Sun

Tori Amos

Is there a way out of this?

If there is I don't see it

Can Heaven and Hell coexist?

Not when both battle for dominance

Brush back my tears and he said "girl We have to soldier on Yes girl even when we don't feel strong" So how many young men have to lay down Their life and their love of their woman For some sick promise of a heaven

Lies go back now to the garden Even the four horses say all bets are off

We're on the dark side of the sun We're on the dark side of the sun We're on the dark side of the sun

Soon there'll be fast food on the moon Painted in neon with For Sale signs up You say "I'm more afraid of what Tomorrow could bring to us"

Brushed back my tears and he said "girl You have to soldier on Yes girl even when you don't feel strong"

So how many young men have to lay down Their life and their love of their woman For some sick promise of a heaven

Bushes burn there on the mountain Abraham and Ishmael turn back the clock

We're on the dark side of the sun We're on the dark side of the sun

We're on the dark side of the sun
