We three kings are coming again Bearing gifts from the East From the East

Some say a star will rise again In the hearts of humankind Some say we have been in exile What we need is solar fire

Star of wonder, star of night
Star of royal beauty
Westward leading, still proceeding
A star
A star of wonder

We bring gold and myrrh for him From the East, frankincense From the East

Some say a star will rise again In the hearts of humankind Some say we have been in exile What we need is solar fire

Star of wonder, star of night Star of royal beauty Westward leading, still proceeding A star

Star of wonder, star of night
Star of royal beauty
Westward leading, still proceeding
A star
A star of wonder
Of wonder.
