

## Strange

Tori Amos

strange  
thought i knew you well  
thought i had read the sky  
thought i had read a change  
in your eyes to strange  
woke up to a world  
that i am not a part  
except when i can play  
it's stranger  
after all what were you really looking for  
and i wonder when will i learn  
blue isn't red everybody knows this

and i wonder when will i learn  
when will i learn  
guess i was in  
deeper than i thought i was  
if i have enough love  
for the both of us

"just stay"  
you said "we'll build a nest"  
so i left my life  
tried on your friends  
tried on your opinions.  
so when the bridges froze  
and you did not come home  
i put our snowflake  
under a microscope  
after all what was i really looking for  
and i wonder when will i learn  
maybe my wish knew better than i did  
and i wonder so strange now  
i'm finally in  
the party has begun  
it's not like i can't feel you still  
but strange what i will leave behind  
you call me one more time  
but now i must be leaving
