

# Twinkle

Tori Amos

Sure that star can twinkle  
And you're watching it do  
Boy so hard boy so hard  
But I know a girl  
Twice as hard  
And I'm sure  
Said I'm sure  
She's watching it too  
No matter what tie she's got in her right dresser  
Tied  
I know she's watching that star

Gonna twinkle  
Gonna twinkle  
Gonna twinkle

And last time I knew  
She worked at an Abbey in lona  
She said "I killed a man T  
I've gotta stay hidden in this Abbey"  
But I can see that star  
When she twinkles  
And she twinkles  
And I sure can  
That means  
I sure can

That means  
I sure can  
So hard  
So hard
