

Mr. Music

Tori Kelly

I'm not lookin' for anything, baby
So don't go tryna buy me things, fancy
You would just be waistin' your money (whoa)
I'm only here for a good time
Nothin' serious, baby don't cross the line
Wanna let go, wanna get loose tonight (whoa)
I got a little thing for the beat & its coming my way
So back it up, back it up,
back it up boy, you're moving too close to me

You know I'm not the type to get with you tonight
You're only waistin' your time
I'm tellin' you because I'm already in love
His name is Mr. Music

Yeah nice try but I'm already taken
Can't you hear him through the speakers callin
So could you give me some space while dancin (whoa)
I got a little thing for the beat & its coming my way
So back it up, back it up,
Back it up boy, you're moving too close to me

You know I'm not the type to get with you tonight
You're only waistin' your time
I'm tellin' you because I'm already in love
His name is Mr. Music

Ooh Mr. Music, you're so captivating,
Not like anybody else
I can't get enough of whatever you're doing
So keep that beat going, going
going, going

You know I'm not the type to get with you tonight
You're only waistin' your time
I'm tellin' you because I'm already in love
His name is Mr. Music

I'm in love
I'm in love
I'm in love
I'm in love
