Paper Hearts

Remember the way you made me feel Such young love but Something in me knew that it was real Frozen in my head

Pictures I'm living through for now Trying to remember all the good times Our life was cutting through so loud Memories are playing in my dull mind I hate this part paper hearts And I'll hold a piece of yours Don't think I would just forget about it Hoping that you won't forget about it

Everything is gray under these skies Wear mascara Hiding every cloud under a smile When there's cameras And I just can't reach out to tell you That I always wonder what you're up to

Pictures I'm living through for now Trying to remember all the good times Our life was cutting through so loud Memories are playing in my dull mind I hate this part paper hearts And I'll hold a piece of yours Don't think I would just forget about it Hoping that you won't forget

I live through pictures as if I was right there by your side But you'll be good without me and if I could just give it some time I'll be alright

Goodbye love you flew right by
