

Dracula

Tormentor

We, we are the truth
We, we are the light
We, we are the love
We, we are the god

Vlad, Blood...

We, we are the bats
We, we are the wolfs
We, we are the bears
We, we are the boars

Vlad, Blood...

Now we will forge the power
Now our sun will rise again
Our mind in the sky
Our eye in the sun
Our fang is the time, join our trance

We, we are the earth
We, we are the water
We, we are the air
We, we are the fire

Vlad, Blood...

We, we are the stones
We, we are the plants
We, we are the animals
We, we are the humans

Vlad, Blood...Dracula

We, we are the finest
We, we are the deepest
We, we are the greatest
We, we are the darkest

Vlad, Blood...

We, we are the dead
We, we are the moon
We, we are the space
We, we are the hell

Vlad, Blood...Dracula
