

# A Funeral For The Masses

Torture Killer

No coffin left unopened  
No body left unburied  
A funeral for the masses  
The gates of death are open  
For the rotten  
For the living dead  
Your destination  
A one way trip to Hell

In the grave  
Underground  
To the dirt  
Secrets of the dead... Lonely  
Nightmares in your head... Of the cemetery

No coffin left unopened  
No body left unburied  
A funeral for the masses  
The gates of death are open  
For the rotten  
For the living dead  
Your destination  
A one way trip to Hell  
Nameless souls, lives  
Scatter the cemetery  
You've dissolved into nothing

In the grave  
Underground  
To the dirt
