

A Funeral For The Masses

Torture Killer

No coffin left unopened
No body left unburied
A funeral for the masses
The gates of death are open
For the rotten
For the living dead
Your destination
A one way trip to Hell

In the grave
Underground
To the dirt
Secrets of the dead... Lonely
Nightmares in your head... Of the cemetery

No coffin left unopened
No body left unburied
A funeral for the masses
The gates of death are open
For the rotten
For the living dead
Your destination
A one way trip to Hell
Nameless souls, lives
Scatter the cemetery
You've dissolved into nothing

In the grave
Underground
To the dirt
