

Flesh Breaks To Open Wounds

Torture Killer

Guts splattered, body scattered
I cut the flesh and kill
Disfigured, I stab Your face
Flesh breaks to open wounds
I strike the knife into Your eyes
And carve them out, I carve them out
Eyes taken, Your skull is bleeding
Sockets hanging as blood is dripping

Face severed, corpse dismembered
I am the god of gore
Head chopped, hacked up
Blood covers the remains of the body
Can't stop, I won't stop killing
I love it as you crawl before me
A vicious murder, a vicious murderer
I need to hurt her

Dissection, mutilation
Butchery, insanity
