

Fuck Them When They Bleed

Torture Killer

Her bleeding torso lies still
Still warm, a fresh kill
Thousand cuts on her skin
Slowly bled to death - requires surgical skill
I feel her young life depart
The pumping seizes in the heart

Reeking corpse, raped whore
Can't get enough, I want more

Fuck them when they bleed

I must search for a new victim
I must satisfy my needs
I must kill and kill again
And fuck them when they bleed
