

Friends with Benefits

Tory Lanez

I wanna get them draws from ya
Tonight I'm goin' hard for ya
Tonight she takin' all of me yeah
Fargo
I wanna get them draws from ya
Speedin' from the law for ya
We fuck like friends with benefits
I wanna get them draws from ya
Tonight I'm goin' hard for ya
Tonight she takin' all of me yeah
Fargo
I wanna get them draws from ya
Speedin' from the law for ya
We fuck like friends with benefits

All night, all night
Put your hands high, hands high
Screamin' for them girls, for them girls
On the other side, other side
I know that you'll know all night, all night
Put your hands high, hands high
Screamin' for them girls, for them girls
On the other side, other side

Oh, when you gettin' off work late, well, it's okay
It's gettin'
Oh, you callin' all your friends
To get them ready 'cause you get
So much Indica, so much indoor smoke
It's hard to breathe
You don't get this turned all that usually
But today

I just landed in M-I-A
And she just fuckin' up and jet
Got a nigga, she don't gotta sweat
It's sad I know, I gotta say
Breathing out beach now
From LA I gotta leave now
Just let me pop it 'fore I gotta jet
Girl, you got somethin' I just gotta get

I wanna get them draws from ya
Tonight I'm goin' hard for ya
Tonight she takin' all of me, yeah
Fargo
I wanna get them draws from ya
Speedin' from the law for ya
We fuck like friends with benefits

All night, all night
Put your hands high, hands high
Screamin' for them girls, for them girls
On the other side, other side
I know that you'll [?] all night, all night
Put your hands high, hands high
Screamin' for them girls, for them girls

On the other side, other side

Oh you always get me lit, that late, late night
'Cause you get, yeah, how you
Leave the house party without your friends
Just to get
So much Indica, so much indoor smoke
[?] wretch
Said I got this feelin', and this shit feel great
So fuck what they say

I just landed in M-I-A
And she just fuckin' up and jet
Got a nigga, she don't gotta sweat
It's sad I know, I gotta say
Breathing out beach now
From LA I gotta leave now
Just let me pop it 'fore I gotta jet
Girl, you got somethin' I just gotta get

I can't just let you go
You're all that's on my mind
I wasted time I know
Wish I could just rewind
While I was gone you laugh
Gone away for good
Least you could've done was let me know
'Cause I misunderstood
This time I waited so long
This time my feelin' so strong
Anticipated so long
There's only one thing I want

I wanna get them draws from ya
Tonight I'm goin' hard for ya
Tonight she takin' all of me yeah
Fargo
I wanna get them draws from ya
Speedin' from the law for ya
We fuck like friends with benefits
