

Hypnotized

Tory Lanez

I'm at the late night function
Real late, but it's still poppin'
Young, rich and I still got it
You look like I should holla

Who did you come here with?
You look like you's a option
Who did you come here with?
I want you around but I know
You don't need no one
Ooh, I know that you don't need no one
Oh, let me be the one
'Cause I know that you don't need no one
But I don't see no one but you

Can't keep my eyes off you
And I know you see it
It ain't a lie, it's true
'Cause I'm hypnotized by you
Can't keep my eyes off you
Can you keep a secret?
It ain't a lie, it's true
'Cause I'm hypnotized by you
'Cause I'm hypnotized by you

I pull up to the function
See you and I'm still waitin'
It's time I walk up on you
Hey, hello, what's your name?

And who did you come here with?
You look like you's a option
Who did you come here with?
I want you around but I know
You don't need no one
Ooh, I know that you don't need no one
Oh, let me be the one
'Cause I know that you don't need no one
But I don't see no one but you

Can't keep my eyes off you
And I know you see it
It ain't a lie, it's true
'Cause I'm hypnotized by you
Can't keep my eyes off you
Can you keep a secret?
It ain't a lie, it's true
'Cause I'm hypnotized by you
'Cause I'm hypnotized by you

Can't keep my eyes off you
Can't keep my eyes off you
It's true, it's true
And it's true, yeah
You know why it's true

Can't keep my eyes off you

It ain't a lie, it's true
'Cause I'm hypnotized by you
Can't keep my eyes off you
It ain't a lie, it's true
'Cause I'm hypnotized by you
