

i didn't love you anyway  
you can go, you just don't have to stay  
'cause i just found a day  
that i can nearly say that i'm free

all the empty words you said  
keep resonating in my head  
it's easy now to see  
that you were never meant for me

so make you point then let's no talk it about anymore  
it's getting late  
and i'm feeling like i heard it all  
before

and I'm not afraid to fly (no no)  
cause i've been holding on so long i feel like letting go  
and if i fall i hope that i will glide back down to Earth  
somewhere safe from harm

as night come crushing into day  
we're still saying what we 'have to say'  
maybe now it's not the time, let's leave it for another day

and all the empty words we said  
mean nothing now that they've been said  
it's easy now to see that we were always meant to be  
so there's no point in talkin' 'bout it anymore  
you're looking tired  
so let's go like we did before  
before

and I'm not afraid to fly (no no)  
cause i've been holding on so long i feel like letting go  
and if i fall i hope that i will glide back down to Earth  
somewhere safe from harm
