Baby, I Hate You

Total Chaos

You are the most annoying person, that I have ever met Why don't you just keep on walking, do not stop here Can't you see that I hate you I want you to drop dead Please stay away from me, and all my friends

I want you to know, I hate you baby I want you to know, I don't care So happy when your not around me I'm glad when your not there

I can see that no one ever liked you You get pushed around at school I have always known where to find you In a trash can or in a stall Even your mom couldn't like you Your the slop of them all Please stay away from me, I'll always say
