

Gomer Pyle

Total Chaos

society - dog pile
religion - shit pile
the government - dirt pile
military - gomer pyle
army, air force, marines, shit pile!
Training our children
to go out and wage war
some may come home
but the rest will be dead
mentally scarred
for childhood too late
after being in war
unconscious to why . . .
giving them war toys
they buy at the store
the system conforms them
for their country they'll die
