Murdered

Total Chaos

Punk was murdered in a way
A ninja in a caddy kills today
Now listen up can you feel
The jocks and cops condone the kill

Murdered what a fucking shame Murdered the system is to blame Murdered Brian was his name Murdered this is fucking lame

Blatant murder is so real
The judge, the court condones the kill
But know one has the biggest loss
That punk has lost at any cost

[Chorus]
