Punk Invasion

Total Chaos

I'm not ashamed of punk today
Were pissed off punks in anarchy
There's nothing less and nothing more
Can you see what we're fighting for
So listen up can you see
Punk has taken your community

Punk invasion USA
Punk invasion hey, hey
Punk invasion unity
Punk invasion take the fucking world

Can you see what I said
Punk for life until I'm dead
There's nothing less and nothing more
Can you see what I'm fighting for
Now listen up can you see
Punk has taken the community

[Chorus]
