

## Racial Rupture

Total Chaos

black or white it's all a disgrace  
mockery of the human race  
don't think you really wanna try it  
it's a total racial riot

racial rupture - peace destructor  
racial rupture - blows the structure

invasion of the poor chinese  
looks like it's become a disease  
their shattered screams still reach some ears  
and tell them of their darkest fear

racial rupture - fear the blame  
racial rupture - the world's insane

mexicans who cross the border  
driven back by human mortar  
foreign children covered with flies  
why doesn't this country open it's eyes  
peace destructor
