

Voice of the Streets

Total Chaos

The punks are on the streets

And the skins are out there too
Drinking on the beat
You'll wanna be there too

The skins are out there too
The punks are on the streets

Swilling beers for fun
And united as one

Rockin to the Oi! beat
We're goin' out tonight

And everything will be all right
We got the boys together

We're gonna take this town
We're gonna burn it down

The best there is around We're the rebel warriors
