

## Voice of the Streets

Total Chaos

The punks are on the streets

And the skins are out there too  
Drinking on the beat  
You'll wanna be there too

The skins are out there too  
The punks are on the streets

Swilling beers for fun  
And united as one

Rockin to the Oi! beat  
We're goin' out tonight

And everything will be all right  
We got the boys together

We're gonna take this town  
We're gonna burn it down

The best there is around We're the rebel warriors
