## **Voice of the Streets**

## **Total Chaos**

The punks are on the streets

And the skins are out there too Drinking on the beat You'll wanna be there too

The skins are out there too The punks are on the streets

Swilling beers for fun And united as one

Rockin to the Oi! beat We're goin' out tonight

And everything will be all right We got the boys together

We're gonna take this town We're gonna burn it down

The best there is aroundWe're the rebel warriors
