Total

Meet me in the hotel lobby,  
I heard you're looking for a freak.  
Me and you kissin' in the elevators,  
Come to room three-forty-three.  
I'm in bed with my negligée,  
Waiting for you to come in.  
And you're the kind of guy that makes,  
Everything feel good, sing.

I can't help it, it's the freak in me,  
It gets me hot and so nasty.  
Makes me wanna take my clothes off,  
I've got sex to last all night long.

I heard you had a girlfriend,  
Tell her you'll be late.  
And if she gets an attitude,  
Then tell her she can come participate.  
For all I care now,  
There's enough for you to go around.  
And if she don't wanna share, baby,  
Then tell her I'm getting mine now.

I can't help it, it's the freak in me,  
It gets me hot and so nasty.  
Makes me wanna take my clothes off,  
I've got sex to last all night long.

Bet she can't hang with the bad girls,  
'Cause when she's down she stays down  
It's all over  
(3x)  
Bet she can't hang with the bad girls.

I can't help it, it's the freak in me,  
It gets me hot and so nasty.  
Makes me wanna take my clothes off,  
I've got sex to last all night long.
