Totally Enormous Extinct Dinosaurs

Everywhere I look
I just see you
On your own
All that I took
Was one Call
From his Phone
Forgive me if I'm wrong
But you look shit
All along
So give me a shot
Cause I could be
The dog to your bone
Or something..

Even After all
All the bad things
That you've showned
We should be together
Sharing this love
In my home
I know im not alone
You still look shit
All along
So give me a shot
Cause i could be be be be..

Everywhere I look
I just see you
On your own
All that I took
Was one Call
From his Phone..
