

Tapes & Money

Totally Enormous Extinct Dinosaurs

So wise, you know it.
Tell me another one.
Look it up. Speak true.
I suppose you're right all the time, yes you are.
You're always right all the time, keep it coming.
Why don't you tell me how long, how long now?
I'm sorry I know, I'm out of touch.
These won't hold me up no longer,
I've been working on, you know

So lie, so lie, so lie, so lie, so lie, so lie
(feet don't fail me now)
It's the money, it's the money, it's the money...
(feet don't fail me now)
It's all lies, it's all lies, it's all lies...
(feet don't fail me now)
It's the money, it's the money, it's the money...

I said you're right all the time, gets you off?
You're always right all the time, keep it coming.
why don't you tell me how long, how long now?
I'm sorry that I know. I'm out of touch.
