

Your Love

Totally Enormous Extinct Dinosaurs

I know my world won't fall apart without you around
Is my time, is my time to quit you now, its all over girl
(your love)
My world my world I can't give you, right now
I'll be fine, I'll be fine don't you worry
I'll be in the same world

Can't give it up, no, no, all I ever wanted was to be with you
Feels good
Just right
Don't you leave me now, that the world is so hard
