

Apocalypse

Totalselfhatred

Father - Spirit
Edge of insanity or sanity?
Mother - Earth
Claws from the darkness

Tearing my tattered flesh
Let it burn under the purifying light!
Energies of opposites
Pulling my limbs apart

Inverted and downright reality
Powerless! Begging! Hysteric paralysis!

Heart and mind crushed
The erratic beating pulse
Burning, blinding light, drowning blackness

Wings of angels whipping my skin!

One touch in me
One sound into eternity

Olen selittämättömässä tyhjiössä
Ei vihaa ei rakkautta

No love no hate
Nowhere to be...
