

## Total Self-hatred

Totalselfhatred

Rip my heart to pieces  
tear my soul down to the ground  
for I am no more  
Rip my lifes to pieces  
see the circle's now done  
I float  
and I'm gone!!!

Screamed so long for peace inside  
feel the pain rise every night  
and now as I in darkness dwell  
I wish I'd never be born!!!

Blessing all these scars inside  
I walk those blood fields at night  
I hate with love from deep inside  
and turn the key to never be born

Screamed so long for peace inside  
feel the pain rise every night  
and now as I in darkness dwell  
I'd wish I'd be never reborn!!!

Screamed... for peace inside  
Pain... rise every night  
Paths... those bloody nights  
Hate... from deep inside
