

## After You've Gone

Toto

You're just a mile away  
One thousand five tiny steps from here  
But if I brought you near  
would you believe when I say  
It seems like yesterday  
that I could reach out and touch your face  
But as I fall from grace  
into whose arms can I lay

It's always much too late  
We get the signs  
We can't communicate  
Or turn back time

So what will be now, do you feel somehow  
not so together and not quite as strong  
Now I believe  
Alone doesn't have to mean lonely  
After you've gone

I need a healing wind  
to cool the flame burning in my sight  
It must accelerate  
For two wrongs they don't make a right

And all these solitaires, lone victories  
Wars fought in isolation, with none to please

So what will be now, do you feel somehow  
not so together and not quite as strong  
Now I believe  
Alone doesn't have to mean lonely  
After you've gone

The future's still uncertain, the past is done

So what will be now, do you feel somehow  
not so together and not quite as strong  
Now I believe  
Alone doesn't have to mean lonely  
After you've gone

Now I believe  
Alone doesn't have to mean lonely  
After you've gone

Now I believe  
Alone doesn't have to mean lonely  
After you've gone
