

I Think I Could Stand You Forever

Toto

Would you say no if I asked you for your hand
Could you believe in the same words that I don't understand
And would you cry if I told you I must go
I've been waiting such a long, long time
I think I could stand you forever
I've been wanting you a long, long time
I think I could stand you forever
Would you say no if I asked you for this one chance
Am I a fool to believe that this night is circumstance
I wish that for once you could see the look in your own eyes
I've been waiting such a long, long time
I think I could stand you forever
I've been wanting you a long, long time
I think I could stand you forever
I've been waiting such a long, long time
I think I could stand you forever
I've been wanting you a long, long time
I think I could stand you forever
I think I could stand you forever
Think I could stand you, think I could stand you forever, yeah
Think I could stand you forever, yeah - I think I could stand y
ou
Think I could stand you forever, yeah - forever and ever
Think I could stand you forever, yeah
Think I could stand you forever and ever and ever
