

Last Night

Toto

Well, there's a light in your eyes
That's guiding my way to your doorstep
And your voice called my name
With a sound that I've never known
I was a kid in a comicbook-world looking for answers
When out of the darkness she came
Like a cat on a crown
In the middle of the night
Doesn't care if it's late
Doesn't matter if it's right
And I laugh when I think
I may never have knocked on your door
Last night
You turned a frightened little boy into a man without shame
Last night
We tore the hands off a clock and it read just the same
Last night
I had a crazy little dream and you turned it all around
Last Night
We took a chance, we shook it up, and now the world's upside do
wn
All the fire in your heart
And the heat of your touch I'll remember
And you're dancing like a flame
Perfection in motion
It was the masterpiece from the start
Only you and I could have rendered
And I'll never be the same
I'm a cat on a crown
In the middle of the night
Doesn't care if it's late
Doesn't matter if it's right
And I laugh when I think
I may never have knocked on your door
Like a cat on a crown
In the middle of the night
Doesn't matter if it's late
Doesn't matter if it's right
'Cause I laugh when I think
I may never have knocked on your door
Last night...
