Toto

You're never alone in the world  
You're never alone in the world  
You believe in each and everyone of us  
You're never alone in the world

I was born in the lost and found  
Often raised in the underground  
Then one day I opened up my eyes  
Looked around and I realised

No mother  
No father  
No sister  
And no brother  
So I cry out  
To the heavens  
Could this be all there really is then someone said

You're never alone in the world  
You're never alone in the world baby  
You believe in each and everyone of us  
You're never alone in the world baby

Someone said we were family  
Can that be with all this poverty  
Time to reach out and make a start  
Hold each others hands and lift each others hearts

If you're thirsty drink the water from my hand  
If you're hungry take my bread I'll understand  
If you're lonely you can always share my bed  
Could this be all there really is then someone said

You're never alone in the world  
You're never alone in the world baby  
No you're never alone  
You believe in each and everyone of us  
No  
You're never alone in the world baby

If you're thirsty drink the water from my hand  
If you're hungry take my bread I'll understand  
If you're lonely you can always share my bed  
Could this be all there really is then someone's dead

You're never alone in the world  
You're never alone in the world baby  
Never alone  
You believe in each and everyone of us  
You believe  
You're never alone in the world baby

If you're thirsty drink the water from my hand  
If you're hungry take my bread I'll understand  
You're never alone in the, you're never alone in the  
Could this be all there really is then someone said
