

12-31: I counted down the days
'til I could wave goodbye to that early grave.

01-01: the weather hasn't changed, but the story's over;
it's time to turn the page.
I was not born with a strong voice;
it's never been one to boom.
But I'll be damned to go out quiet,
if it's the only thing I'll lose.
