

## A Dog's Breakfast

Tourniquet

Scientology (Dianetics)  
Listen to Ron Hubbard's son  
@SONG: "Dad was con-man number one  
Through black magic dabbling  
and drugs his books were born"\*

Dianetics says I am  
a reincarnated Thetan god  
If I buy E-Meter  
M.E.S.T. a-ok  
L.R.H. says, "Jesus never  
reached potential grade."\*

The Watchtower (J.W.'s)

Jehovah's Witness made the claim  
@SONG: "The only prophet of today"  
But every prophecy was fake  
And so they upped the date

As they read their bible wrong  
John 1:1 "The Word was a god"

@song "Triune God is of Babylon  
The Church is of the beast."  
@song "144,001 and all that follow  
Jonadabs that cannot go to Heaven"  
I was fooled again  
I had made up my mind  
That truth comes in styles

I was fooled again  
Wastin' my time  
With life changing lies  
(Lead - Mendez)

The New Age  
My self I love so much  
Because the New Age teaches me  
@SONG: "The source of good and secrets lie within"

If this present life ain't good  
astral to the past one dude  
@SONG: "You can make adjustments  
In your linear timezone."

@SONG: "God is you and you are God  
So whatever you decide is right..."  
Right? (S. MacLaine)

Mormonism (Latter-Day Saints)

Joseph Smith a Mormon god  
Murdered men, condemned of fraud  
An angel gave him golden plates  
Which no one ever saw

Faith Movement

K.C. says that "Christ was lost  
Sign of Satan on the cross  
Bore the Devil's nature  
and was born again in Hell"

If you've got a little bod  
@SONG: "You can all become a god"  
Benny hinders true conversion  
@SONG: "Christ is not within"

@SONG: "I have faith in my own faith  
Cause I'm a little god" (Hagin)  
(Lead - Lenaire)

I was fooled again  
A message from God  
That was only a fraud  
Truth and joy was inside  
But it's only in Christ  
By a spiritual force  
That had disguised its source  
By the Lord's latest mail  
But a novel from Hell
