

## Officium Defunctorum

Tourniquet

Nigh does the tempest  
Draw to devour him  
Through sullen seas of throes  
The end of life begins

His fame will fade in time  
His name is you and I

We died the day that Adam died  
Outside the garden we're denied

Nigh does the Master  
Draw to receive us  
To give unto our souls  
Harvested deeds we've sown

His fame remains throughout eternity  
His name the Prince of Peace

He died the day our sin connived  
Outside the gates was crucified  
His blood was shed for all mankind  
Outside atonement we're denied
