

# Like Em Young

Tove Lo

Oh, oh  
Hey boy, you're too young for me  
But I don't care, 'cause you're what I see  
I like em young, I like em young  
Eyes wide, boy you're so naive  
Thinking no one knows better than me  
I like em young, I like em young

And you keep make me wonder  
Age is just a number  
That they don't think about  
That's all I think about

I like em young, I like em young  
I like em young, I like em young  
Young like me, with the mind so easy  
I like em young, I like em young  
I like em young, I like em young  
Young like me, with the mind so easy  
I like em

Hey girl, why you judging me  
When your guy's turning 53  
I like em young, I like em young  
I don't know what really gets you more  
Is it that my guy's gonna live out yours?  
I like em young, I like em young  
They say they don't care but I

I can tell they're lying  
'Cause we're all slowly dying  
Tryina work it out, and all I think about

I like em young, I like em young  
I like em young, I like em young  
Young like me, with the mind so easy  
I like em young, I like em young  
I like em young, I like em young  
Young like me, with the mind so easy  
I like em

Life I live mine, alone not one kind  
All it's fair in love and war  
My manners out the door  
What do I need them for?

I like em young, I like em young  
I like em young, I like em young  
Young like me, with the mind so easy  
I like em young, I like em young  
I like em young, I like em young  
Young like me, with the mind so easy  
I like em young
