

# Love Ballad

Tove Lo

Chop off my hands  
Chop off my feet  
I'd do it for you  
Ain't love sweet?

Jump off a cliff  
I'd give you my last spliff  
I'd do it for you  
Ain't love sweet?

Stab my heart, bleeding out  
If you feel doubt about me loving you  
Cause, oh, I do

Pour gasoline on me  
Oh yes, I'd burn slowly  
So that you feel, I am for real

Cause this is my one true sacrifice  
It never gets old  
No need for you to roll the dice  
I'm the one to hold  
Cause this is my one true sacrifice  
It never gets old  
No need for you to roll the dice

Gets in a fight  
If you say it's right  
Shoot them all down  
Ain't love sweet?

Breathing your air  
Addictive I swear  
I'll never leave  
Ain't love sweet?

Stab my heart, bleeding out  
If you feel doubt about me loving you  
Cause, oh, I do

Pour gasoline on me  
Oh yes, I'd burn slowly  
So that you feel, I am for real

Cause this is my one true sacrifice  
It never gets old  
No need for you to roll the dice  
I'm the one to hold  
Cause this is my one true sacrifice  
It never gets old  
No need for you to roll the dice  
Cause I'm the one to hold

Cause you know I would stab my heart, bleeding out  
If you feel doubt about me loving you  
Cause, oh, I do

Pour gasoline on me  
Oh yes, I'd burn slowly  
So that you feel, I am for real

Cause this is my one true sacrifice  
It never gets old  
No need for you to roll the dice  
I'm the one to hold  
Cause this is my one true sacrifice  
It never gets old  
No need for you to roll the dice
