

# My Gun

Tove Lo

Heads turn your body burn rip all your clothes for me  
Make out, last shot, keep dancing naked feeling free  
That's my gun, that's my gun, that's my gun

Last night you were who you prefer because of me  
Wake up messed up but you're still happy as can be  
That's my gun, that's my gun, that's my gun

Do you think of me say uhu,  
Boy if you're gonna shoot me down  
Do it gently  
I'm not easy, uhu, uhu  
But go ahead and touch me now  
Do it gently

You're fine, you're mine, I'm the mistake you wanna make  
Hey ho let's go, it's one more chance you gotta take  
That's my gun, that's my gun, that's my gun

I'm ace and spades and all I know you want to fly  
Not to the moon, jump on my cloud and we go high  
That's my gun, that's my gun, that's my gun

Do you think of me say uhu,  
Boy if you're gonna shoot me down  
Do it gently  
I'm not easy, uhu, uhu  
But go ahead and touch me now  
Do it gently  
Do it gently, gently, gently,  
Gently, gently, gently

Do you think of me say uhu,  
Boy if you're gonna shoot me down  
Do it gently  
I'm not easy, uhu, uhu  
But go ahead and touch me now  
Do it gently  
Do it gently, gently, gently,  
Gently, gently, gently
