Heads turn your body burn rip all your clothes for me Make out, last shot, keep dancing naked feeling free That's my gun, that's my gun

Last night you were who you prefer because of me Wake up messed up but you're still happy as can be That's my gun, that's my gun, that's my gun

Do you think of me say uhu,
Boy if you're gonna shoot me down
Do it gently
I'm not easy, uhu, uhu
But go ahead and touch me now
Do it gently

You're fine, you're mine, I'm the mistake you wanna make Hey ho let's go, it's one more chance you gotta take That's my gun, that's my gun

I'm ace and spades and all I know you want to fly Not to the moon, jump on my cloud and we go high That's my gun, that's my gun, that's my gun

Do you think of me say uhu,
Boy if you're gonna shoot me down
Do it gently
I'm not easy, uhu, uhu
But go ahead and touch me now
Do it gently
Do it gently, gently, gently,
Gently, gently, gently

Do you think of me say uhu,
Boy if you're gonna shoot me down
Do it gently
I'm not easy, uhu, uhu
But go ahead and touch me now
Do it gently
Do it gently, gently, gently,
Gently, gently, gently
