

Out of Mind

Tove Lo

Lovers
Into friends
Move on
To strangers

Let go
No more us
Move on
I'm trying

Denying
Saying 'Time will heal'
Keep lying
To make me feel
I'm OK
So you believe
I'd forget you
Seriously?

Are you kidding me?

You're out of your mind
To think that I could keep you
Out of mine.

Happy
Used to be
Together
You & Me

Things die
Drift apart
Wait for
A new start

Denying
Think you'll fade away
Keep lying
I can hear you say
You're 'in touch with reality'
Baby, I'd say

Are you kidding me?

You're out of your mind
To think that I could keep you
Out of mine.

How can you say I'll be alright?
What makes you think that I'll be fine?
Baby you have to be completely out of your mind,
To think that I could keep you out of mine.

You're out of your mind
To think that I could keep you out of mine
