Born with the mark, the devil's fucking sign
The powers from hell soon will be mine
Kill at first sight evil's in my blood
Satanic blasphemies killing all that's good
Death and destruction fire is my tool
Following jesus? you're a fucking fool
Invert the cross destroy your church
Evil will reign on this fucking earth

Mark of the beast rises from my skin
Rape a fucking nun! ungodly sin
Attacking the priest as he stands in fear
Slit his fucking throat ear to fucking ear
Death and destruction fire is my tool
Following jesus? you're a fucking fool
Invert the cross destroy your church
Evil will reign on this fucking earth
