

Bitch!

She appears from the dark as another victim dies  
Spirits on the trinity, a shrieking virgin cries  
Cryptic writings to raise 'em from the grave  
Blasphemy is evident, her soul cannot be saved

Arcane knowledge handed down, unwritten and obscure  
The coven prosecuted but no begging for remorse  
One by one they're taken as the bell rings its chime  
Blasphemy against the church was the only crime

Tie her up Start the fire  
Burning in torment alive  
For her crimes, for her sins  
The bitch will be burned at the stake

BURN

Executed for her sins, sentenced by the church  
Final rites recited as the fire begins to burn  
Cursing all the holy men, the flames are growing higher  
No fear in her eyes as the bitch dies by fire
