

Death Master

Toxic Holocaust

Bring on your missiles, your guns, and your flames
Destroy your future. No one could be saved

Come from Hell, death in his eyes
Missioned by Satan to smear all our lives
Bring on your missiles, your guns and your flames
Destroy your future. No one could be saved

Death Master! (2x)

Angels dismembered
The first sign of war
No defense has summoned the bulls
Bring on your missiles...

Death Master! (2x)

Come from Hell, death in his eyes...
Bring on your missiles...

Death Master! (2x)
