

Dirty Rat

Toxic Narcotic

I'm sick of people pushing lies, twisting truths to fit their disguise, fuck those who fuck those who try, they point the finger but they deny, turned informer, no one likes a dirty rat, gotta warn you, no one likes a dirty rat, your trust, you burned, on this, you turned, what you get is what you earned, turn to the man to solve your problem, only makes it worse, it'll never solve them, couldn't accept the hand you were dealt, sold me out to save yourself
