

I'm So Thirsty

Toxic Narcotic

It's been such a long time since i had a drink
I've been sober way to long, i cant even think
I've got a good solution, one that sets me free
I walk to my beer cuz my beer dont walk to me
That long day is over and its time to kick one back
My life is way too short so i'm gonna have a blast
I've got my own solution, one that sets me free
I walk to my beer cuz my beer dont walk to me
I'm not an alcoholic, im just a fuckin drunk
Just your average working class white suburban punk
I've got my own solution, on that sets me free
I walk to my beer cuz my beer dont walk to me
I'm so thirsty, i want another beer
Hey, you over there,bring one over here
